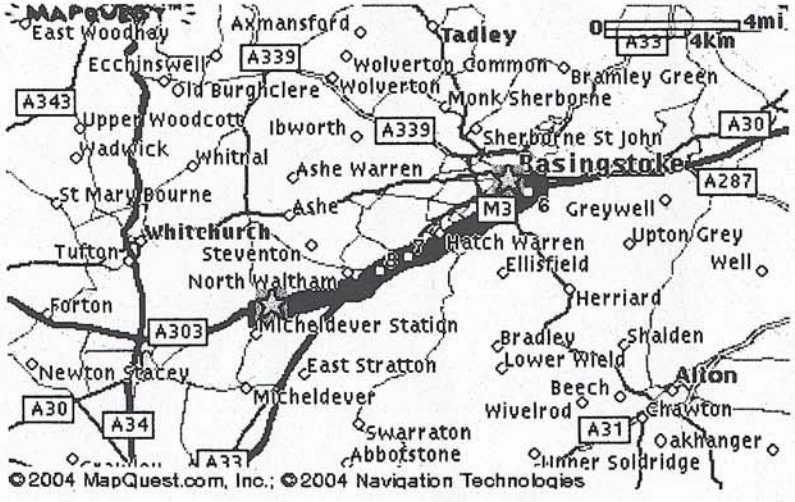
Hampshire Cross Country Match Popham Airfield Saturday 5th December 2009
Directions SAT NAV SO21 3BD

From Andover - Take the A303 eastbound. Note when you cross the junction of the A34 (Bullington Cross) and stay on the A303. Discount one very small road on the left (to Norton), continue to the second main exit marked with countdown boards, signed Micheldever Station AND Overton. Drop down the slip road, and at the end go straight on as as if rejoining the A303 towards Basingstoke (this requires a little wiggle right and left) but the slip road is now signposted Popham Airfield. You will see the brick and iron gates of the airfield on the left, just 100 metres before rejoining the A303. [Map]

From Newbury - Travel south on the A34. Pass Whitchurch. Turn left on the A303 eastbound towards Basingstoke (Bullington Cross). Follow latter part of Andover direction as above. [Map]

From Winchester - Take the A34 northbound. Turn right on the A303 eastbound towards Basingstoke (Bullington Cross). Follow latter part of Andover direction as above. [Map]

Route from Basingstoke & East



From Basingstoke - take the M3 southbound. At Junction 8, turn off on the A303 towards Andover and the South West. Climb the hill on the dual carriageway and as you pass Popham Services (Little Chef & BP on left side, Little Chef & Esso on right side) you should be able to see the big orange airfield windsock on the other side of the dual carriageway. Continue to about 1/2 mile and take the next exit left signed Micheldever Station & Overton. Drop down to the bottom, turn right under the A303 bridge, turn immediately right again as if rejoining the A303 towards Basingstoke. This is a two-way slip road and the airfield entrance brick and iron gates at the top of the rise on your left just 100 meters before you rejoin the A303. [Map]
